Institute for Clinical and Translational Science

Madeleine V. Pahl, MD
Director of Research Operations Office for Translational Science (ROOTS)

icts@uci.edu
949-824-ICTS (4287)
ICTS Goals

To ensure that new and existing resources in clinical and translational science are effectively and rapidly matched with the creative energy of UC Irvine basic scientists, and to train the next generation of clinical researchers.
The National Network

The UCI ICTS is one of only 60 NIH funded centers around the country, recipients of the Clinical Translational Science Award.

The CTSA vision is to increase the speed at which discoveries move from the lab into patients, ultimately improving the health of the nation.
Available Resources

General Support

- A place for research visits, at medical center or main campus
- Assistance with design and performance of research studies
- Clinical Nursing Services
- Funding Opportunities; Seed Grants
- Community Research Resources
- Regulatory Assistance
- Technology Research Support
ICTS Clinical Facilities

- Modern, fully equipped medical clinics located both at the Medical Center and UC campus
- Inpatient beds at Douglas Hospital
- Capable of providing special accommodations

Mechatronic devices to enhance hand, arm, movements and functional recovery after stroke
ICTS Funding Opportunities

• Pilot awards: $25-45K
• Dean’s Triumvirate Award: 3 UC faculty from different departments $50K
• SOM Strategic Task Force Awards
• Bioinformatic Data Warehouse Pilot Awards
• Camp Pendleton: Physical Fitness and Exercise–Health Beneficial Interactions with PTSD, Injury Prevention, and Stress in U.S. Marines
• Campus Community Incubator Awards
• Team Building Conferences
Available Resources

Specific Services

- Study Design Biostatistics
- Laboratory Services
- Human Performance Exercise Lab
- Metabolic and Nutrition Services
- Neuroimaging Support
- Genetics / Genomics Resources
- Biomedical Informatics Resources
- Clinical Research Ethics Consultations
- Blood Donor Program
How to Access Resources
