Research Group Members

- Lancy Lin
- Michael Chu
- Thao Nguyen
- Julia Zakashansky
- Yongxiao Zhou
- Amanda Ikamaru
- En-fan (Sophia) Chou
- Michael Mellody

Projects we are working on in the upcoming year

Project/research summary

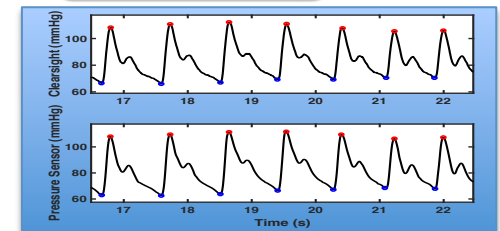

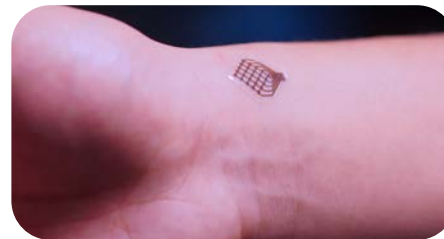

- Respiratory Patch

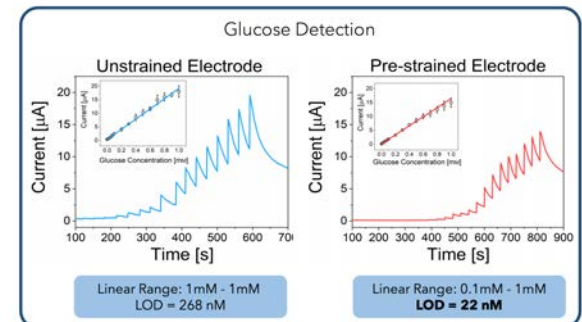

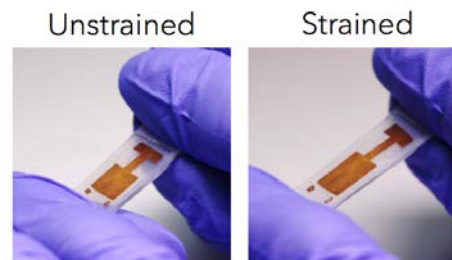

Mobile Device App

- Blood Pressure Patch

- Sweat Patch

Possible areas of collaboration with other groups

- Wireless hardware to mate with sensors
- Machine learning/ big data
- Integration with other sensors for predictive capabilities
