Research Group Members

- Bill Tomlinson (Professor)

- Rebecca Black (Professor)

- Neil Young (Lecturer)

- Rose O'Leary (PhD student)

- Lucretia Williams (PhD student)

- Paramdeep Singh Atwal (undergraduate)

- Shreya Kapoor (undergraduate)

- Ameya Mandalik (undergraduate)

- Parmik Mehra (undergraduate)

- Saketh Muvva (undergraduate)

- Kevin Ngo (undergraduate)

- Sahil Railkar (undergraduate)

- Khushi Valia (undergraduate)

Projects we are working on in the upcoming year

Project/research summary

- Toward a Center for Integrated Sustainability

- Simulating the Accountable Capitalism Act

- News X-Ray

- Grammar Brushstrokes

- UCI Highlighter

- Creating Culturally Responsive STEM Networks

- Supporting Mental Health Through Technology

Possible areas of collaboration with other groups

- Interested in talking with anyone about bringing together diverse approaches to sustainability.

- Interested in talking with economics/legal experts re: interactive simulations of sustainable economic/legal frameworks

- Happy to advise on ways computing/media can help with other people's sustainability projects!
