### What you'll learn

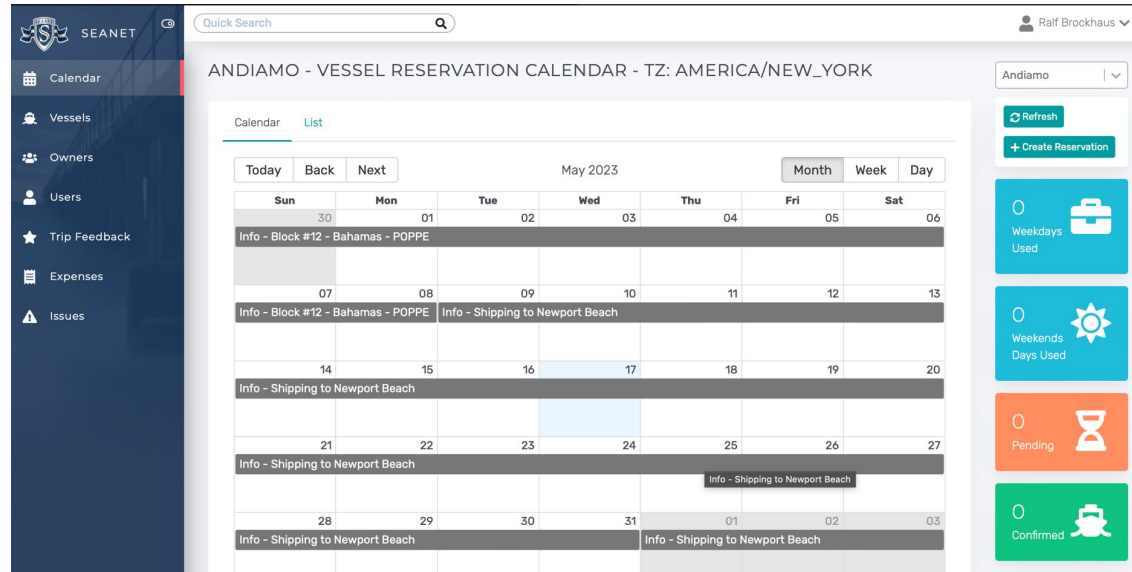

- ✓ Build powerful, fast, user-friendly and reactive web apps
- ✓ Apply for high-paid jobs or work as a freelancer in one the most-demanded sectors you can find in web dev right now
- ✓ Provide amazing user experiences by leveraging the power of JavaScript with ease
- ✓ Learn all about React Hooks and React Components

At the start of the internship, I took a Udemy course that introduced me to React projects.

- Learned JSX, state management, and props.
- Created modular and reusable components.
- Practiced testing and debugging React applications to ensure quality code.
- Learned different methods of composing components to build complex UIs.

This course helped me through my internship, and I gained to new skills to apply in the future.

# SeaNet Project

Timeshares for boats! I contributed to a website supporting SeaNet, a company that focuses on buying and selling boats.

I worked to complete a number of tasks including adding sorting features, updating design, and abstracting features into new components.

- Allowed me to directly apply new React knowledge
- Learned about server requests
- Learned about working on ongoing collaborative projects
- Helped me learn how to read and understand projects written with others and contribute my own work

This screenshot shows the 'RESERVATIONS | TOTAL: 40' table. It includes a sidebar with navigation links and a table with columns: Vessel, Owner, Title, Booking, Start, End, and Status. The table lists various reservations for the vessel 'Andiamo' and 'Pacific Air S...'. A date range filter is visible at the top right of the table area.

Exit Plan	Lido Village	Absolute	47 Fly	Warranty	09/22/2023
IOS	Barbosa Bay Club F-10	Sunseeker	60 Manhattan	Full Management	02/24/2021
Journey	Waterfront at Via Lido, #211	Absolute	50 Fly	Full Management	04/27/2021
La Mia Isla	Barbosa Bay Club A-1	Absolute	68 Navetta	Full Management	11/24/2020

# AWS Certification

## Benefits of Earning AWS Partner Accreditations

### Build foundational AWS Cloud skills and knowledge

AWS Partner Accreditation courses can help you grow professionally by gaining foundational knowledge upon which you can further build your business or technical expertise.

### Increase your credibility

Earned AWS Partner Accreditations can help you have more prescriptive conversations with customers in the field and provide prospective customers with proof of your AWS Cloud skills and expertise.

Course completed on 04/28/2023

AWS Partner: Accreditation (Technical)

Course completed on 04/17/2023

AWS Partner: Sales Accreditation (Business)

I was given the opportunity to complete a couple of AWS Partner Accreditations in order to expand my skill set and learn about the cloud computing program and all of its facets.

I took both the Business and Technical accreditations to learn out about how the services included work and how they can be applied to a variety of projects.

## Takeaways and thank you!

Throughout my time at SmileFish I was able to expand my skill set in many ways as well get hands on experience with website development. I will be able to apply of of these skills to both current and future projects, and I am incredibly grateful for the opportunity.

Thank you to my mentors, Terry and Ralf!
